

The Future of Neuroscience, Attachment and Mentalizing: from research to clinical practice

Saturday 18 to Sunday 19 May 2019

Keynote speakers and workshop leaders to include:

Anna Buchheim

Universität Innsbruck, Austria

Ruth Feldman

Interdisciplinary Center (IDC) Herzliya, Israel

Katerina Fotopoulou

University College London, UK

Peter Fonagy

University College London,
and Anna Freud National Centre for Children and
Families, UK

Pasco Fearon

University College London, UK

Martin Debbané

Université de Genève, Switzerland

Nader Perroud

Université de Genève, Switzerland

Bart Boets

KU Leuven, Belgium

Pascal Vrtička

Max Planck Institute for Human Cognitive and Brain
Sciences, Leipzig, Germany

Patrick Luyten

KU Leuven, Belgium,
and University College London, UK

This conference will be one of the first conferences to explicitly focus on the application of neuroscience and neurobiology to clinical issues. Leading speakers will discuss recently emerging findings in affective neuroscience with immediate clinical relevance. They will focus on incorporating neurobiological findings with the aim to provide what every clinician should know from a neuroscience point of view. Clinical themes covered will include children and adults with a trauma history, autism, and early preventative interventions for at-risk children and parents.

Another aim of the conference is further exchange between practitioners and leading experts in affective neuroscience. Clinical workshops on Sunday will aim to provide practitioners with the possibility to discuss the influence of the most recent emerging findings on clinical practice, and offer the opportunity for in-depth interaction with key practitioners in the field.

Call for Poster Presentations

There will be an opportunity to present posters designed to explore the conference topic or connected issues. Please email abstract submissions to events.psychoanalysis@ucl.ac.uk
Abstracts of posters will need to be with us by **Friday 1 February 2019**

For further information and to register please visit our event webpage:
