

Talking Science with Matteo Carandini

12th and 13th December 2018

Schedule

Location: LMU Biocenter
Großhaderner Str. 2
82152 Martinsried

Wednesday 12th of December

- 10:00 – 11:15

Julius Bernstein Lecture by Matteo Carandini

Location: B01.019

Title: *From Vision to Navigation: A Journey across Mouse Cortex*

This lecture is open to the general scientific community and additionally is intended as an introduction into the Talking Science program.

- 11:45 – 12:45

Lunch with students

Location: Freshmaker

Please sign up on the website to join the lunch with Prof. Carandini. The number of places is limited.

- 14:00 – 15:00

First round table discussion: Science

Location: D00.003

This first round table discussion will give you an opportunity to ask questions regarding Prof. Carandini's lecture, and will run into a more detailed discussion about the methods and discoveries in his research.

- 15:00 – 15:30

Coffee break

- 15:30 – 16:30

Second round table discussion: Career

Location: D00.003

In this second round table we will gain insight from Prof. Carandini about his choices throughout his scientific career. How much was luck and how much planned? How does he make decisions on the directions of his research; on collaborations and the development of new technologies? Students can also take advantage of this forum to discuss the direction of their own research and future plans.

- 19:00 –

Dinner with students

Location: tba

Please sign up on the website to join the dinner with Prof. Carandini. The number of places is limited.

Thursday 13th of December

- 09:00 – 11:00

One-on-one meetings with students

Gives the opportunity for a personal meeting with Prof. Carandini, in which you could discuss issues that directly relate to your own research. Please sign up on the website, as the number of places is limited.

- 11:00 – 12:30

Open Discussion Forum

Location: D00.003

Title: *Probing the Textbook Model of Brain Function*

This discussion is open to the general scientific community.
