Graduate School of Systemic Neurosciences

GSN-LMU Training Objectives (Zielvereinbarung)

Please be sure to return this original document to the GSN-LMU office within 5 working days after signing!

Munich, _____
(dd/mm/yyyy)

Students are reminded to make additional copies for their personal records.

Participants (to be completed by student before the TAC meeting)

GSN-Student

(Last name, first name, LMU matriculation number)

Thesis Project

(Working Title)

1st Supervisor

(Title, Name, First name)

(Corresponding Address/Institution)

2nd Supervisor

(Title, Name, First name)

3rd Supervisor

(Title, Name, First name)

Additional Supervisors

Signatures (to be completed at the TAC meeting)

The below signatures confirm that the student and the supervisors mutually accept the described suggestions to be valid until the next scheduled meeting or for a period of 9 months following the signature date.

Place, date, student's signature:

Supervisors' signatures (note: all TAC members must sign this document! 1st Supervisor must sign each of the following pages):

Next meeting due:

_____ (dd/mm/yyyy)

Approved by

_____ Head of the Examination Board GSN-LMU

GSN-LMU Training Accomplishments and Objectives

for

(Student's Name)

Should any of the questions not be sufficiently answered in the space provided, further clarification may be attached as additional pages to this form.

(1) PhD thesis work status: Is this the first TAC meeting? Yes No

Overview of the standard route for a student completing their PhD research work:

GSN Doctoral thesis LMU examination regulations	PhD project modules	Suggested semester	Expected ECTS	Reference table
	P5.1 PhD-Project 1	WS/SS (1.)	18	
	P5.2 PhD-Project 2	WS/SS (2.)	24	
	P6.1 PhD-Project 3	WS/SS (3.)	24	
	P6.2 PhD-Project 4	WS/SS (4.)	24	
	P7.1 PhD-Project 5	WS/SS (5.)	30	
	P7.2 PhD-Project 6 - Dissertation	WS/SS (6.)	10	
	P7.3 Disputation	WS/SS (6.)	20	

* 1 ECTS = 30h of workload

Do not complete at first TAC meeting

List PhD research project(s) accomplished since last meeting:

Module	Semester completed	ECTS awarded by TAC

Attach a copy of student's presentation if applicable

Please summarize the outcome of the PhD project since the last TAC meeting. Were training objectives met? If not, please elaborate on reasons why.

Please summarize the planned steps which are envisaged for the student's research in the upcoming months (new goals, objective revisions, repeated prior objectives, etc).

Signature 1st Supervisor: _____

(2) Academic activities since the previous TAC meeting. List of already credited activities should be attached to this form by student.

GSN Doctoral thesis LMU examination regulations	PhD general education, training, networking and soft skills modules	Expected Semester	Expected ECTS	Reference table
	P1 Introduction to Selected Areas of System Oriented Neuroscience			
	P1.1 Orientation Courses	WS/SS (1.)	8	
	P1.2 Retreat I	WS/SS (1.)	3	
	P1.3 Key Qualifications I	WS/SS (1.)	1	
	P2 Advanced Studies of Systemic Neurosciences			
	P2.1 Advanced Methods of Systemic Neurosciences	WS/SS (2.)	3	
	P2.2 Retreat II	WS/SS (2.)	3	
	P3 Individual Training for Advanced Students			
	P3.1 Methods for Advanced Students	WS/SS (3.)	3	
	P3.2 Retreat III	WS/SS (3.)	2	
	P3.3 Key Qualifications II	WS/SS (3.)	1	
	P4 Special Competencies for Advanced Students			
	P4.1 Special Methods Course	WS/SS (4.)	3	
	P4.2 Key Qualifications III	WS/SS (4.)	3	

* 1 ECTS = 30h of workload (incl. attendance, preparation, study time, etc.)

Further clarification of each module is available for download on the GSN website.

List each course or activity for which ECTS are to be awarded that has been completed since the last TAC meeting, attaching additional pages should the space below not suffice. This list may be replaced by a similarly formatted list from the student's presentation.

The first line is merely an example and should be erased.

Documentation from the event organizer for all non-LMU courses and all conferences/ retreats/ workshops must be submitted to the GSN in order for ECTS to be awarded!

Module	Activity/course, duration	Date	Suggested ECTS
Example: P1.2	8th FENS Forum of Neuroscience - Barcelona 2012, poster presentation, 4 days (Module P1.1)	July 2012	1

Signature 1st Supervisor: _____

(3) Planned meetings (if applicable):

--

(4) Planned courses (if applicable):

--

(5) Planned or completed publications by the student (if applicable). Please specify preparation state and next steps to be taken e.g. finish manuscript, manuscript needs revision, etc.

--

(6) Personal career suggestions from supervisors (if applicable)

--

(7) Additional Comments by student and/or supervisors
