UNIVERSITÄT
MÜNCHEN

MUNICH CENTER FOR NEUROSCIENCES BRAIN & MIND
**GRADUATE SCHOOL OF
SYSTEMIC NEUROSCIENCES**

**WELCOME TO THE
GRADUATE SCHOOL OF SYSTEMIC NEUROSCIENCES (GSN^{LMU})**

**GSN ORIENTATION WEEK
OCTOBER 6TH - 12TH, 2014**

Orientation Week Schedule

MONDAY, 06 OCT. 2014

- | | |
|-------------|---|
| 16:00-17:00 | Coffee & Cake and welcoming reception
(Introduction to the GSN Team and student representatives) |
| 17:00-17:30 | Welcome from the GSN Director: Prof. Dr. Benedikt Grothe |
| 17:30-18:30 | Administrative & academic matters |
| 18:30-19:00 | Time for questions |
| 19:00-21:00 | Get together with current students, followed by dinner |

Location: Room D00.003, Biocenter, Großhaderner Str. 2, 82152 Martinsried

TUESDAY, 07 OCT. 2014

- 10:00-10:45 Visiting the exhibition "Weiße Rose"
- 10:45-11:45 Tour of LMU main building
- 11:45-14:00 Lunch Break/Free time
- 14:00-14:45 Meeting with Klaus Wunderlich, Human Decision Making Lab
- 14:45-15:30 Meeting with Heiner Deubel, General and Experimental Psychology
- 15:45 Coffee & Apple tart or Kaiserschmarrn at Wirtshaus zur Brezn

**Meeting point: Fountain in front of LMU main building
Geschwister-Scholl-Platz 1 (Subway U3/U6, stop "Universität")**

WEDNESDAY, 08 OCT. 2014 - GSN FALL SYMPOSIUM 2014 (PART 1)

- | | |
|-------------|--|
| 09:00-09:15 | Introduction and Greeting by Christian Leibold |
| 09:15-09:45 | Behavioral and Cognitive Neuroscience: Talk by Kathrin Koch, "Multimodal investigation of structural and functional dysconnectivity in schizophrenia." |
| 09:45-10:15 | Innsbruck Graduate School "Neurospin": Talk by Georg Dechant Nuclear Neuronal Plasticity, "How Thinking Changes Chromatin." |
| 10:15-11:00 | Coffee Break |
| 11:00-11:30 | Computational Neuroscience: Talk by Alex Loebel, "Why do we have a brain? The computational neuroscientist perspective." |
| 11:30-12:00 | Neurophilosophy: Talk by Albrecht von Müller, "On the difference between rationality and reason." |
| 12:00-13:00 | Lunch |

Location: Room D00.003, Biocenter, Großhaderner Str. 2, 82152 Martinsried

WEDNESDAY, 08 OCT. 2014 - GSN FALL SYMPOSIUM 2014 (PART 2)

- 13:00-14:30 Coffee and Poster Session I
- 14:30-15:00 Cellular and Circuit Neuroscience: Talk by Leda Dimou, "NG2-glia in the adult brain: are they only oligodendrocyte progenitors?"
- 15:00-15:30 Clinical Neuroscience: Talk by Florence Bareyre, "Role of FGF22 signaling during post-injury remodeling of the spinal cord."
- 15:30-17:00 Coffee and Poster Session II
- 17:00-17:30 Developmental Neuroscience: Talk by Silvia Capello, "Emerging role of neural stem cells in neuronal migration disorders."
- 17:30-18:00 Paris Graduate School "Neuroscience School of Paris":
Talk by Laurent Venance, "The many faces of spike-timing dependent plasticity."
- 18:00-19:00 Aperitif and Poster Award
- 19:00 Dinner

THURSDAY, 9 OCT. 2014

Free time for personal and administrative matters

FRIDAY, 10 OCT. 2014

Free time for personal and administrative matters

SATURDAY TO SUNDAY, 11-12 OCT. 2014

Hiking trip and overnight stay in Bayrischzell

Saturday

09:45	Munich Main Station (Platform 27 BOB)
11:30- about 17:00	Joint event building a rope bridge at the river Leitzach
18:00-19:00	Break
18:00- about 19:30	Joint cooking event
From 19:30 onwards	Dinner & time for social activities

Sunday

9:00-10:30	Breakfast
From 11:00 onwards	Guided hiking tour or train back to Munich

If you would like to join, please make sure that you can bring the following:

- Good hiking shoes
- Rainwear and, if possible, a sleeping bag.

Please make sure you have registered for this event with Maj-Catherine by Monday, 6 Oct.
botheroyd@bio.lmu.de

Meeting point: Saturday at 9:45 - Munich Main Station, Platform 27 BOB
